KRISHNARAJENDRA HOSPITAL, MYSORE.

TENDER NOTICE.

Dated 23rd September 1930.

Notice is hereby given that sealed tenders on half-sheet of foolscap sized paper in triplicate will be received at the Office of the Medical Officer, Krishnarajendra Hospital, Mysore, by the Medical Officer, at 11 A.M., on Saturday, the 15th November 1930, for the supply of all articles of diet, etc., (as per lists annexed), required for the use of the Krishnarajendra Hospital, Mysore, from 1st January 1931 to 31st December 1931 (inclusive).

2. No tender will be received after the date and hour abovementioned.

3. Tenders to be superscribed "Tender for the supply of provisions" to the Krishnarajendra Hospital, Mysore.

4. No tender will be received unless accompanied by a deposit Rs. 200 for diet articles in treasury receipt. No cash payment will be received.

5. Tenders will be opened by the Medical Officer in charge, at his Office (Krishnarajendra Hospital, Mysore) on the days and at the hours abovementioned in the presence of such tenderers as may choose to attend.

6. The rate for each item must be specified in figures as well as in words and they must be for the particular kind or brand of the article, as specified in the list appended hereto. The value of each tender must be worked out according to the rates tendered and the total value must also be entered in words in ink. Tenders not confirming to this rule will be rejected.

7. The quantities stated in the lists are not guaranteed.

8. The Government does not bind itself to accept the lowest or any tender or to assign any reason for not accepting any tender.

9. The deposit of the successful tenderer will be retained and will be forfeited to Government, if he fails to complete the contract by executing the necessary agreement and furnishing the required security (to the amount of Rs. 1,000) for the diet articles within three days from the date of his receiving the intimation of the acceptance of his tender.

10. No advance of cash will be made to the Contractor. Payments for the articles supplied in each month will be made as soon as possible after the 10th of the following month on his producing the necessary bill with vouchers.

11. A store-room will be made available to the contractor in which he can keep all non-perishable articles, of which not less than one month's supply must always be in stock. Perishable articles such as vegetables, meat, etc., must be at the Hospital at 7-30 A.M. daily. For the supply of milk, the cows to be milked on the premises should be ready at 6 A.M. and 5 P.M., every day. All articles except when mentioned otherwise, should be of the first sort cleaned and any articles rejected on account of inferiority should be promptly replaced by articles of the required quality or will be purchased by the Hospital authorities from outside and the charges debited to the contractor.

12. The contract must not be sublet.

13. A fine not exceeding Rs. 50 will be levied by the Medical Officer for any infringement of the terms of the contract or for the supply of inferior articles and the contract itself will be annulled and the security confiscated to Government in the case of continued or frequent violation of the terms of contract, the defaulter being further liable to make good any loss that may result to Government by the annulment. If the contractor thinks that the fine levied in any case is not justifiable he may appeal to the Government who will have power to fine up to Rs. 100.

14. In case the contractor ceases to abide by the contract at any time during the currency thereof, he should forfeit the security money to Government and also be bound to make good to Government any loss which may arise from such cessation.

15. The contractor will be bound on occasions of emergency to supply any other articles that are not mentioned in the list appended to the notice, at prevailing market rates and at short notice.

16. In payments the contractor must accept the following rule regarding the fractions of a rupee order passed by Government. In payments to be made to the contractor fractions of a rupee in the totals will be rounded to the nearest rupee, *i.e.*, fractions less than half a rupee will be disregarded half a rupee and over taken as a rupee.

N.B.—(1) Cows to be milked in the presence of the Steward or other responsible official deputed by the Medical Officer in charge of the institution.
